

ELIXIR: A DISTRIBUTED INFRASTRUCTURE FOR LIFE-SCIENCE DATA

ELIXIR unites Europe's leading life science organisations in managing and safeguarding the increasing volume of data being generated by publicly funded research.

ELIXIR Galaxy Community

- Builds a European network of data-specific Galaxy communities and fosters interaction between them
- Improves tools and data integration
- Develops a Galaxy cloud infrastructure across Europe
- Improves access and transfer of data
- Promotes FAIR principles in Galaxy
- Expands the Galaxy training provision and develops new training materials
